school work, Anna has a lot of chickens to look after as well as her house work. Ceelia was well at her last writing but Grace still suffers from rheumatism. it is of a kind that seemingly cannot be cured but comes and goes. David and Ette are in usual health and busy with the every day things about the place. David comes down and see's to some things about our place too. other girls were away at their
office work. I have not
heard from Mary for some
time but all were well at her
last writing.
Anna and her family are
